SIR:

Applicants note that the following material errors, apparently made by the Patent and Trademark Office, were found regarding the published patent application (front page attached):

The publication shows the correct information for inventors, title, application number, correspondence address, filing date, related application data, and drawings. However, all other information, including the abstract, specification, and claims are incorrect and appear to be from another unrelated application.

As these errors were made by the Patent & Trademark Office, Applicants respectfully request that the corrections be implemented without charging a fee to the Applicants.

Respectfully submitted,

Debra D. Nye, Reg. No. 48,260
